Experience and Accomplishment

AIG — Mar 2015 – Till Date

ASIA REGIONAL IT BUSINESS MANAGER

Currently Manage 70+ mission critical application across 10 + Countries with diversely spread teams (Internal/Vendor) across multiple AIG global delivery centers (USA, Ireland, India, Thailand, Malaysia, Manila & China).

My roles include setting directions, motivating commitments, Governance, P&L, cost avoidance, continuous value addition to underwriting, ReInsurance and claims Team and conduct Internal Mini-Town Halls and Health status reporting to Both Leadership Teams (CIO, CTO and Country Business CEO's).

Accomplishments:

- Oceanwide Global Implementation across EMEA and APAC
- Currently Manage 70+ mission critical apps and the App owner in Gear
- With Agile method brought down Ticket Volume from all time average from 100+ to 40+
- Transitioned 3 major client engagements successfully
- Managed eBao PAS Transact for SMTH Countries

Mphasis Unleash the Next — Aug 2007 – Feb 2015

Mphasis acquired AIG Systems Solutions

Client Engagement Manager (Promoted Twice – from PM » DM » CEM)

Managed all IT projects outsourced from AIG APAC to MphasiS across technologies and functionalities (new wins, budgets, timelines, and delivery)

With my Outstanding customer focus methodologies with diversely spread teams, we grew the account from 0 to 140+ in 2 years (includes offshore and onshore).

Role includes Governance, P&L, cost avoidance, continuous value addition, conducting global status meetings (Internal Sr. Mgt/Client Sr. Mgt), customer reviews, transition, migration and enabling nonlinear Revenue Growth $.

Accomplishments :

- Grew the account from 2 Projects to 20 + in a two years and FTE's to 140+
- Setup New Entity in Philippines and grown the revenue further in APAC Countries with projects from Singapore, Korea, Japan and Malaysia

3i Infotech Innovation • Insight • Integrity — Jul 2005 – Aug 2007

Insurance Project Management

Advanced rapidly from Project Coordinator to Project Management and have been successfully playing multiple roles for Non-Life Product Development for our Prestigious Clients.

Managed 80 + Team for UK enhancement deployments - this was in recognition to my ability to handle Challenging Insurance Projects and for my Versatile Quality delivery on-demand, on-scheduled deadlines.

Accomplishments :

- Started with a 2 member team and spearheaded aggressive drive which later became 80+ in a years' time.
- Managed Both Life and Non Life Premia Projects.
