sam

Customer–centric Insurance Operations and Technology Executive with **28+ years** across **P&C, Life, Health, Broking, and Reinsurance**. Proven ability to deliver enterprise–scale transformation for tier-1 insurers **Allianz, AXA, AIG, Oriental, CGI and RSA** (Royal & Sun Alliance) **supporting customers across 4 continents** - North America, Europe, Africa, and Asia.

Brings a rare **end–to–end insurance operating model mastery**, grounded with the first **12+ years of hands–on experience** within core insurance functions—Underwriting, Claims, Reinsurance, Actuarial, Distribution, Bancassurance, and Broker Operations—followed by **16+ years leading complex, multi–country transformation programs** involving over **50 Technologies**.

Recognized in the insurance industry for successfully achieving **COR improvements by executing 110+ large–scale transformation initiatives**, including policy administration modernization, **AI–led insurance transformation reducing COR by 120bps**, distribution and agency transformation, cloud migration, insurtech and broker integrations, embedded insurance across industries, bancassurance platforms, enterprise architecture, IT compliance and audit, and end–to–end cybersecurity across infrastructure and applications delivering exceptional outcomes, generating **US$1.4B+ in premium growth** and **US$430M+ in claims savings**, while modernizing operating models, accelerating time–to–market, strengthening regulatory and risk posture, and enabling sustainable, technology–driven non-linear growth.

WORK EXPERIENCE

CGI

Insurance Director, CGI — Feb 2024-Till Date

Boston, USA

Manage Large-size insurance clients for our CGI Region

- Led regional **Account Management teams**, owning strategic client relationships and portfolio growth, where my team was awarded the prestigious **Bridge Builder Award** for exceptional revenue expansion, client satisfaction(9.8 out of 10) for past 2 years, and sustained long–term account impact.
- Established and deepened **executive–level relationships** with existing clients, serving as the primary point of accountability for account strategy, retention, cross–sell and upsell opportunities, and partner alignment across the customer lifecycle.
